The company-wide ratio of employees shall be based on increments of eight (8) employees. For every eight (8) employees, the employer shall employ: One (1) Master Installer, Two (2) Lead Installers and Five (5) Installers.

An individual employer who is entitled to employ apprentices may employ not more than one (1) apprentice for the first three (3) installers (Master, Lead or Installer) regularly employed by him/her and not more than one (1) additional apprentice for each five (5) additional installers employed by him/her. The first apprentice may not be employed until at least three (3) installers are regularly employed by the individual employer.
